# ML10

It's a DIY plug 'n play replacement to your old "lock 'n key" door knob. Bluetooth & mobile app option available.

Features and Benefits

- **Peace of mind:** Prevents accidental lockout due to forgetting your key, ID card or PIN code

- **Easy installation:** No wiring. Fits door widths 1 3/8" to 2 3/8". Single latch and reversible handle design

- **Rugged:** Zinc alloy body and strong handle design prevents forcible entry

- **Reliable:** Patented independent clutch-motor design

- **Secure:** Advanced highly accurate fingerprint sensor recognizes up to 90 users (Admins, Normal and Temporary users)

- **Low power consumption:** 4 AA batteries discharge only when a user is detected

- **Low battery warning**

- **Metal key for emergency access.**

- **Audio and Visual Feedback:** LED indicator and built-in buzzer

- **Optional Bluetooth and mobile app:** allows remote door unlock and user management
