

WrapStrap

<Loop>

The soft side of Rip-Tie Lite called "LOOP". It is soft knitted loop.

<LOOP>

<Hook>

The hard side of Rip-Tie Lite called "HOOK". It is molded hook.

<HOOK>

*Laminating Hook and Loop technology is patented worldwide.

In cheap similar products, Hook and Loop are heat bonded or uniting by using adhesive. Therefore the connecting part seems to come off easily.

Rip-Tie Lite and WrapStrap never comes off from the connecting part.
